

EVOLUTION

ORTWIN KLIPP

WIR SIND ALLE TEIL DER EVOLUTION ALLES IST ENERGIE

Unser Leben ist wie ein Fluss, der ständig Neues mit sich bringt.
Unaufhaltsam in Bewegung auf dem Weg zum Ursprung, um neu geboren zu werden.
Wir kommen vom Licht und kehren zum Licht zurück.
Immer und immer wieder...

Fotos von Menschen
sind der Ausgangspunkt von den hier entstandenen abstrakten Bildern.
Sichtbare Evolution: aus Menschen werden weiche Formen, die in immer wechselnden Farben
miteinander verschmelzen oder auseinander gehen - ein abstraktes Sinnbild vom Werden und
Vergehen des Menschen, ausgehend von ihm selbst.

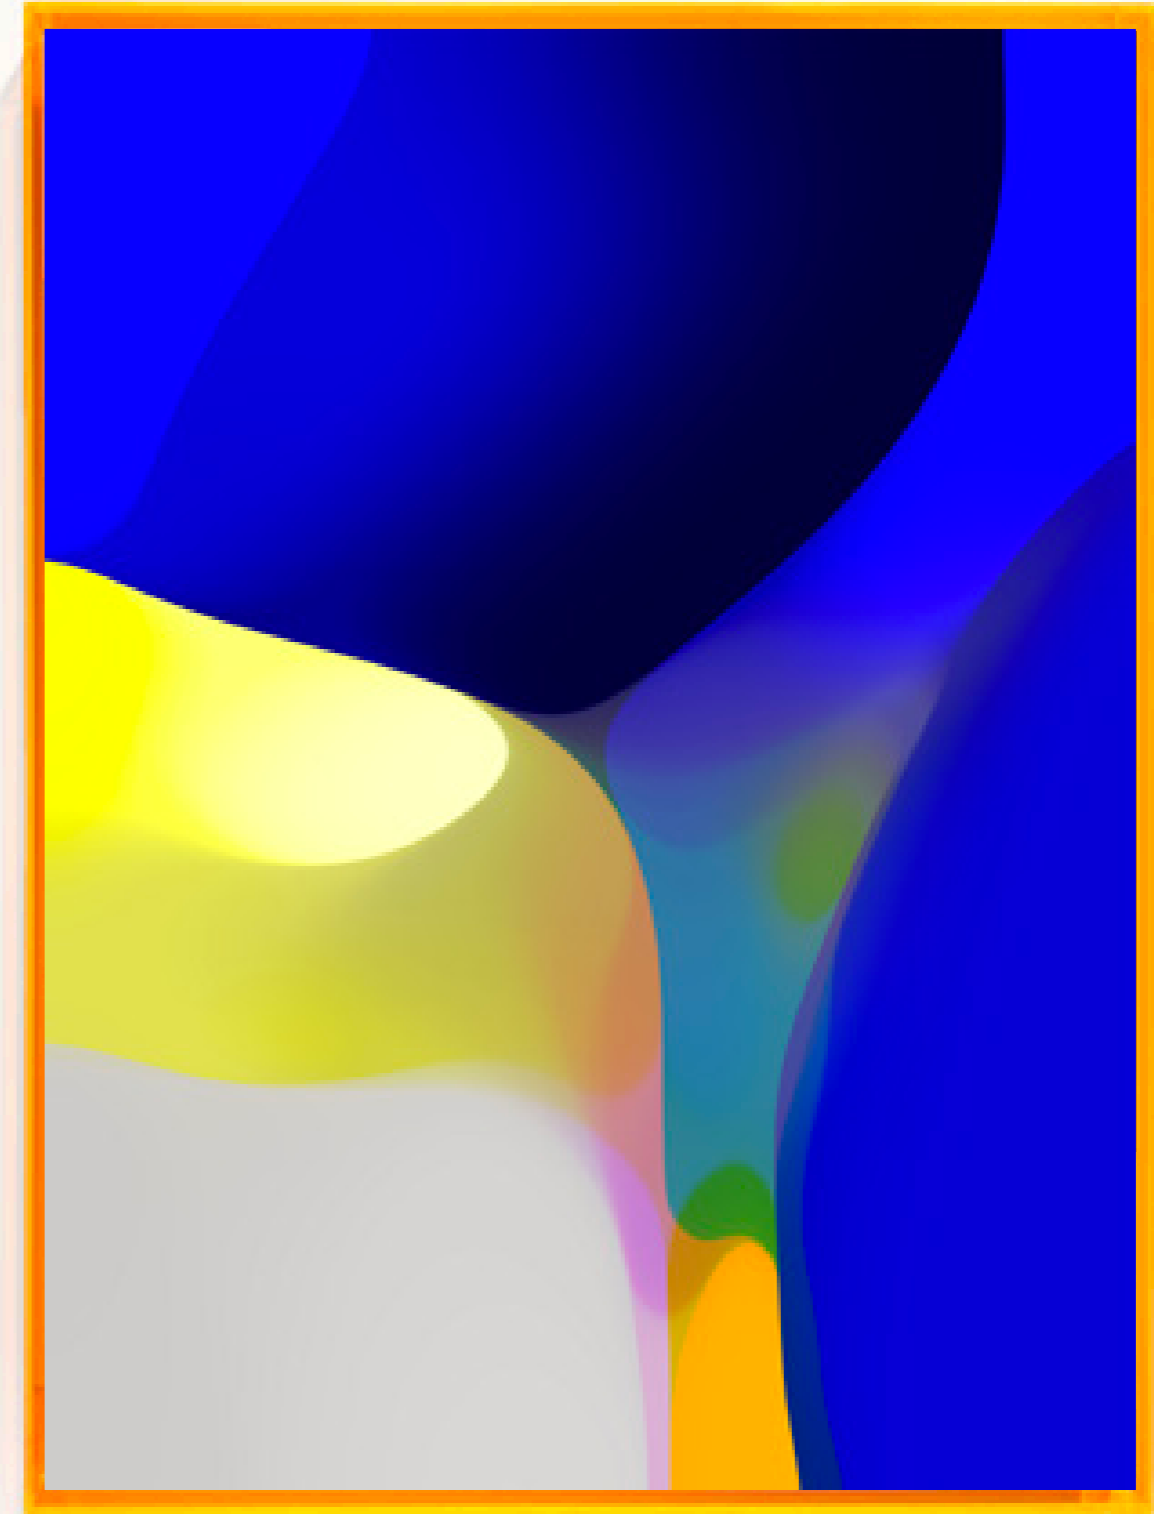

WE ARE ALL PART OF THE EVOLUTION EVERYTHING IS ENERGY

*Life is like a river.
It constantly renews itself. Forever rejuvenating the earth around it. It is in constant motion
towards its destination to be reincarnated and refreshed to start once again from its source.
We come from the light and we will return to the light
again and again...always.*

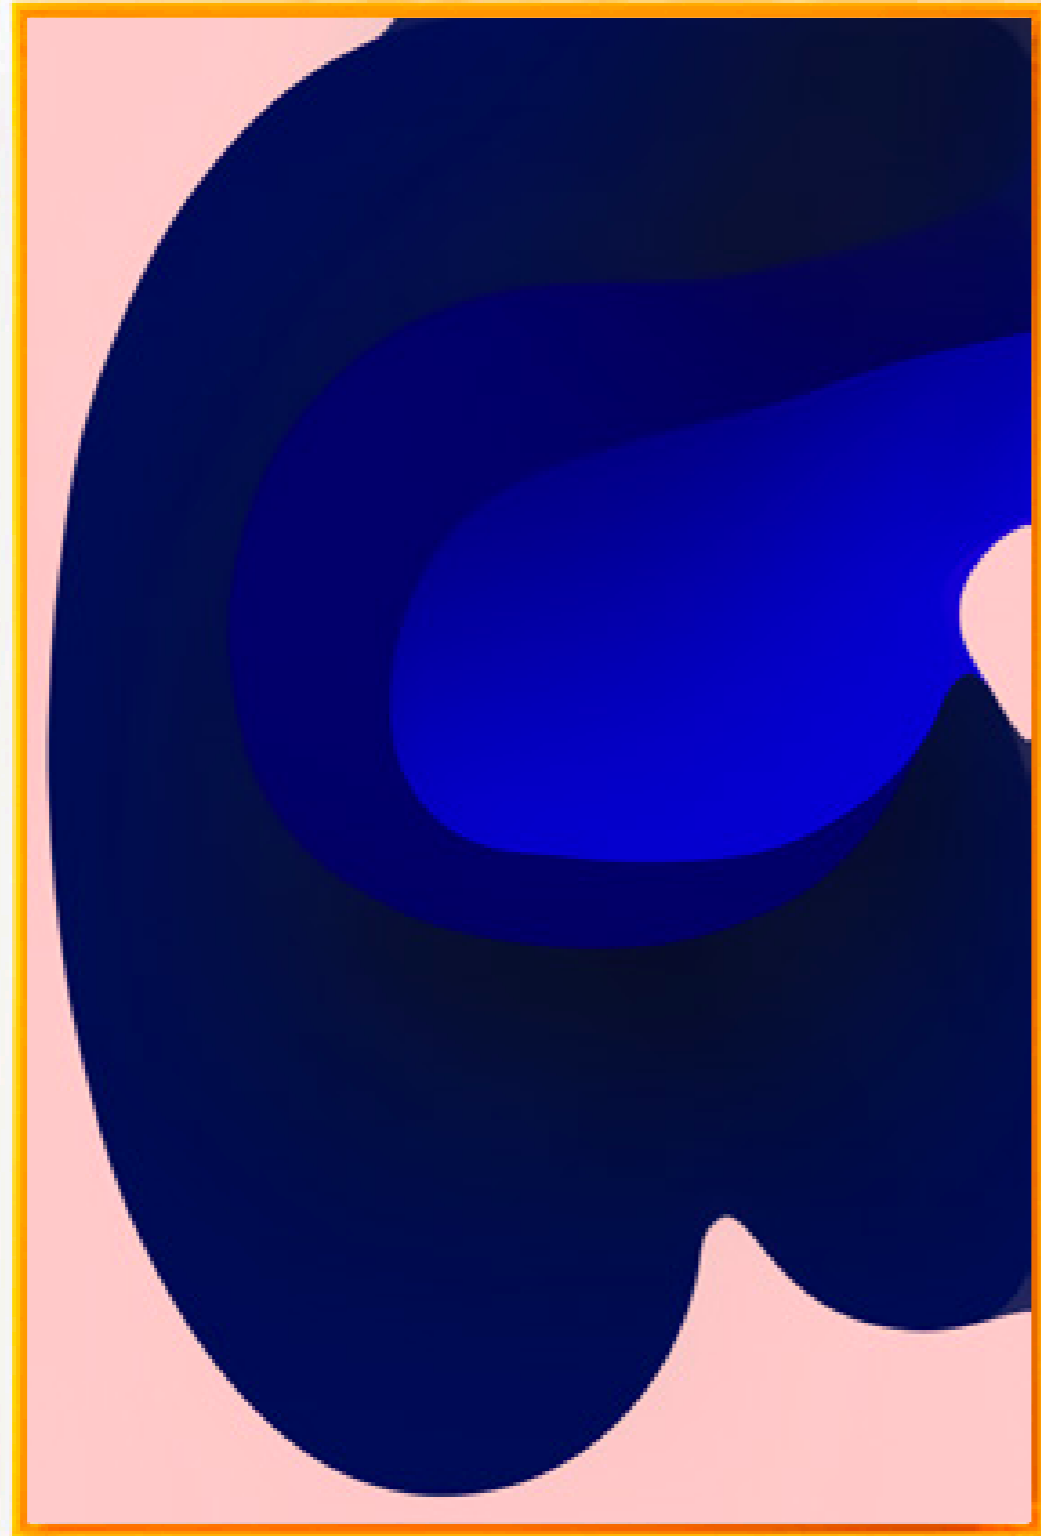

*Photos of people are the base of the following abstract pictures.
Visible evolution: people are transformed to soft forms which melt into
each other in ever changing colors or depart - an abstract of the
becoming and passing of mankind, coming from.*
